Milwaukie Radio Amateurs Club,
Milwaukie, Wisc.

Dear Mr. Kries:

Thank you very much for your letter and good wishes on our Dedication Bulletin.

We were very much interested in the Bulletin your club is issuing, and I am sure your members in Service appreciate the effort you are making in bringing to them a touch of home.

We are including you on our mailing list and you will receive our regular monthly Bulletin about the first of each month.

It is gratifying to see how the amateur radio clubs have stood up under our "blackout". I understand a number of Clubs throughout the country have organized various things for disabled servicemen. Our CRA has arranged to supply code teachers to the Crile Hospital, located here in Cleveland. We would be glad to exchange ideas on activities with you. Especially WERS ideas.

Again, thanks for the letter and Bulletin,

73,

Mildred Wildman, W8PZA, Secty.
